

BRODY BOOST Camp

It's time to get BOOSTED!

This custom-designed, one-day BOOST Camp encompasses the key elements of professional development that our clients have received one-on-one with BRODY coaches – and through our most requested training programs:

Professional Savvy:

Making an impact, from phenomenal first impressions to creating your own personal brand

Relationship Building:

Building your network and creating advocates

Persuasive Speaking:

Using emotional and logical appeals to sell your ideas, plus strategies for handling difficult questions

Next Steps to Career Success:

Creating an action plan, and moving from knowing to doing

In short, it is an action-packed, interactive, career-development training workshop – one that will motivate and provide the boost needed to take an individual, or team, to a more promising level.

Can BOOST Camp be brought in-house? Most definitely!

Marjorie is available to deliver BOOST Camp at any office location, your off-site meeting, or during an upcoming convention.

Target Audience:

For teams and individuals who are eager and motivated to be recognized for their efforts, and move ahead to achieve greater professional success.

Program Length:

1 day

8:30 – 4:30

As a result of BOOST Camp, participants will be able to:

- Come across as the ultimate professional
- Introduce people with skill and courtesy
- Identify the components of professional presence, including grooming and dress
- Navigate the business meal -- from ordering to saying goodbye
- Be comfortable with small talk which leads to big talk
- Understand the visual, vocal, and verbal impact of communications
- Conduct themselves professionally in all business situations
- Develop appropriate communication and networking strategies for internal and external clients
- Create a plan for developing a strong network within, and outside of, their organization
- Define and employ the networking process, including: self-introductions, creating conversation, working a room, asking for internal referrals and follow up
- Organize and deliver presentations that get results
- Develop and use factual, logical and interesting supporting material when presenting
- Handle visual aids like a pro, to maximize retention and impact during a speech
- Conduct Q-and-A sessions with tough audiences
- Come across impressively in impromptu situations when answering questions or giving opinions
- Identify personal strengths and developmental needs in listening
- Recognize common behaviors that stop effective communication in its tracks, including listening
